## **DETAILED ACTION**

Claim Status: 1-12 allowed.

#### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Andrew Prokopetz on September 9, 2004.

The application has been amended as follows:

Please replace Claim 12 with the following:

Claim 12 (currently amended): A method of claim 10, wherein step (a) includes predetermining for each of the said real properties the presence or absence of selected amenities [such as, but not limited to,] comprising, the number of bedrooms, hot tub, swimming pool, telephone, and air conditioning, step (b) includes fields representative of all the information obtained in step (a) related to said selected amenities and step (b) includes extracting from said single indexed master search database table, the identity of all properties which suit said availability and suitability needs including said selected amenities.

Art Unit: 2171

# Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1, and 10, the prior art of record fails to disclose or suggest the claimed provision of: rental property database for storing a plurality of variable attributes related to a typically large number of rental properties typically rented for a short term to enable rapid searching and retrieval of available properties having certain desired attributes, a single master search database table indexed in correspondence with the nature of said attributes and having a plurality of periodically updated fields in which all of the information associated with and necessary for selecting said attributes is stored with use of said data processor, and from which it can be retrieved, combined with the rest of the limitations in the independent claims, is not taught or suggested, or rendered obvious over the prior art of record or that encountered in searching the invention

The dependent claims 2-9, and 11-12 being further limiting to the independent claims, definite and enabled by the Specification are also allowed.

#### **Comments**

The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5)

Art Unit: 2171

MONTHS beyond the date for reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.

As allowable subject matter has been indicated, Applicant's response must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CRF 1.111(b) and MPEP section 707.07(a).
